List of Board of Directors

General Program Materials (i.e. brochure of services)

Back 2 Basic Global Outreach will provide important resources to local nonprofits such as:

- Cutting-edge software and vitally needed office products
- Children's items such as toys, paints and crayons
- Educational materials to teach and inspire
- Building materials and domestic goods to revitalize homes and neighborhoods
- Personal care products and clothing for those in desperate circumstances
- And much more of the basic goods to help the needy worldwide!

The goods will be used solely for the care of the ill, needy or youth (as those terms are defined in applicable U.S. Treasury regulations).

The use of the goods will be related to the purpose of the organization that makes it tax exempt.
